

Lifetime warranty agreement of engine

Party A: Jiangxi Jiangling import&export co.,Ltd

Party B:

This agreement is aimed at implementing the lifetime warranty for JMC new vigus engine at JMC oversea markets, party A and party B reached the agreements on following clauses by means of negotiations.

Clause I. General provision

1. Party A provides lifetime engine warranty for the model(model code: _____) sold to Party B.
2. Party B shall pay Party A ___ lifetime warranty fee per vehicle.
3. This agreement is a supplementary agreement to the 《JMC service policy》 signed by both parties. The submission, handling and determination of claims not covered in this agreement shall be implemented according to the relevant provisions in the 《JMC service policy》 .

Clause II. Scope of lifetime engine warranty

1. Lifetime engine warranty includes these components: cylinder block, cylinder head, crankshaft, connecting rod, camshaft, valve spring, timing house, timing house cover, high pressure fuel pump (sealing parts and Solenoid valve not included), injector, common rail, high pressure fuel tube, fan, thermostat assembly, oil pan, air intake pipes, air intake manifold, flywheel, all kinds of belt pulley, all kinds of engine brackets, piston, piston ring, piston pin, fuel return pipeline, electronic accelerator pedal assembly, electronic control unit, timing sprocket, all kinds of engine gasket.
2. Lifetime engine warranty not include these components: engine oil or fluid, oil filter, timing chain, front pulley system belt, sensors, rubber hose.

Clause III. Conditions for obtaining lifetime engine warranty

1. The right of lifetime warranty of engine is limited to the first owner. If the user does not have full ownership of the vehicle, including but not limited to transfer or transfer ownership to another person's name, the rights and interests of lifetime warranty of vehicle engine will automatically become invalid.
2. The user needs to carry out vehicle maintenance at the authorized workshop by Party B according to the maintenance plan specified in the user manual;
3. If the registration date of the vehicle driving license is inconsistent with the issuing date, Party A and Party B have the right to require the user to provide the vehicle purchase contract, invoice and vehicle registration certificate to verify whether the vehicle meets the conditions for obtaining the rights and interests. If the user refuses to submit relevant

documents or it is verified that the vehicle does not meet the conditions for obtaining the rights and interests, Party A or Party B has the right to terminate the lifetime engine warranty service for the vehicle;

4. The lifetime warranty rights and interests of engine come into effect from the date when the vehicle delivered to the user.

5. The failure of fuel system components caused by poor fuel quality is not covered by the warranty.

Clause IV. Implement of lifetime engine warranty

1. Party B shall feedback the archives of its authorized service workshop to PARTY A. If the service networks have any updates, Party B shall feedback to Party A within one month.

2. After the vehicle sold, Party B needs to provide the following information to PARTY A: vehicle sales invoice / owner's name / ID / vehicle chassis number / purchase date, which should be sent to Party A by email at the end of each month.

3. Party B shall sign an engine lifetime warranty card with the user to ensure that the user clearly understands the terms of the engine lifetime warranty when purchasing the vehicle. The lifetime warranty card shall specify all contents of clause II and clause III of this agreement.

4. In addition to the information required in the 《JMC service policy》, Party B should submit the following information when submitting claims related to engine parts which exceed the period of 3 years or 100000 km:

a. Maintenance records shown in the warranty Manual: service station seal, maintenance mileage and date;

b. Vehicle driving license - proving the information of vehicle owner/ license issue date and registration date;

5. If the registration date of the vehicle driving license is inconsistent with the issuing date, Party A has the right to require Party B to provide the vehicle purchase contract, invoice and vehicle registration certificate to verify whether the vehicle meets the conditions for obtaining the rights and interests. If party B refuses to submit relevant documents or it is verified that the vehicle does not meet the conditions for obtaining the rights and interests, Party A has the right to terminate the lifetime engine warranty service for the vehicle.
